ROAD TO RENEWAL INFORMATION FOR OUR PARISH

How was the determination made regarding which churches would make up a “Family”?

“We wanted to make sure families were not too large or too small, both geographically and parishioner base. The schools were considered while crafting the families as well,” said Father Bryan Zielenieski, vicar for Renewal and Development for the diocese. “Other than geography, we looked at relationships between parishes. Were parishes working together, were they collaborating in some way already, do they share a township, school district, is there something that naturally connects them? Do parishes have a history together, such as a mother/daughter parish. We looked at ministries, do parishes have ministries that could benefit another nearby parish? Socioeconomic data was part of our consideration. We looked at many factors when making these decisions, including the input of the vicar foranes of each vicariate, asking them who they believed would work well together.”

“How to find Christmas peace in a world of unrest? You cannot find peace on the outside but you can find peace on the inside, by letting God do to your soul what Mary let Him do to her body, namely, let Christ be formed in you.”
